

**['blueprint] noun**

"a plan which shows what can be achieved and how it can be achieved"

## What is Blueprint?

**A 'free initial consultation' is like a wolf dressed in sheep's clothing – a sales pitch in disguise.**

It sounds attractive but, more often than not, it doesn't promise anything other than meet, greet and generic advice that is freely available on the internet.

At Watkins & Gunn we want to offer you something of real value; something that provides you with the tailored advice and information you need to be able to plan your next steps and your future; your Blueprint.

Blueprint is a fixed fee service that is broken down into three stages:-

- **Information Gathering**
- **Bespoke Advice**
- **Follow Up**

**Watkins & Gunn**

## Information Gathering

We will send you a 'Questionnaire' to complete and return prior to your Blueprint meeting. By providing us with this information, we will not have to spend valuable time during the meeting gathering basic background details. We will, however, ask you some further tailored questions at the meeting to make sure we have all the information we need to move onto the next stage

## Bespoke Advice

Your meeting will be conducted by one of our specialist family lawyers and can take place over the phone or via video call at a time to suit you.

We are mindful that when someone reaches out to us, they are often in the throes of emotional, family or matrimonial distress. We pride ourselves in creating an atmosphere where you are free to talk, ask questions and seek advice at this meeting.

We will discuss the specific details of your case before providing you with detailed advice about the next steps; highlighting all options available to you, likely outcome and the costs involved. We call this your Blueprint; so you can see what the future may hold and how you can achieve your goals

## Follow Up

During the consultation there will be a lot of information and advice for you to take in. We will provide a clear and concise summary of our discussions in writing following the meeting. This is your Blueprint; to take away, refer back to when considering your next steps and plan for your future.
